AJINKYA JADHAV

Mission Control Engineer

9309592151

jadhavajinkya3140@gmail.com

Pandharpur, Tal- Pandharpur, Dist- Solapur

SUMMARY

Satellite Operator with hands-on experience in spacecraft operations, telemetry analysis, and mission planning. Adept at managing satellite health, executing orbital maneuvers, and coordinating with cross-functional teams. Passionate about continuous learning and contributing to cutting-edge aerospace missions.

EDUCATION

Rajarambapu Institute of Technology, Rajaramnagar
BTech in Electronic and Telecommunication Engineering |2019-2023
- CGPI- 6.77

Lotus English School And Junior College, Pandharpur
HSC | 2018-2019
– 64.92 %

Yashwant Vidyalaya, Pandharpur
SSC | 2016-2017
– 83.40 %

TECHNICAL SKILLS

- Spacecraft Operations
- Mission Planning
- Mission Operation
- Satellite Command and Control
- STK
- Satellite Communication
- Gitlab
- Mission Analysis
- Python
- Wordpress
- QGIS

SOFT SKILLS

- Leadership & Teamwork
- Project Management
- Task Management
- Time Management
- Attention to Detail

PROFESSIONAL EXPERIENCE

Satellite Operations Engineer
Azista BST Aerospace PVT LTD | 2023 - Present

- Monitored and controlled satellite operations to ensure spacecraft health, stability, and mission success across all orbital phases.
- Analyzed telemetry data in real-time to detect, diagnose, and resolve system and subsystem anomalies.
- Executed satellite maneuvers, detumbling activities, and orbital adjustments in compliance with mission protocols and timelines.
- Generated weekly contact schedules and eclipse predictions using Systems Tool Kit (STK) to support uninterrupted mission planning.
- Developed, documented, and improved satellite operation procedures including command generation, target planning, and imaging workflows.
- Conducted technical documentation and post-pass analysis for every contact, contributing to robust anomaly tracking and system performance trending.
- Coordinated with ground stations for data acquisition and tracking, ensuring seamless communication with spacecraft.
- Collaborated with software teams to test and validate mission control software, providing operational feedback for iterative improvements.
- Performed special imaging tasks (video capture, sun-pointing) and led pre-command validation as per operational schedule.
- Led mission-critical activities such as satellite detumbling and sun-pointing post-launch.
- Contributed to performance optimization of critical subsystems through detailed trend analysis and operational logging.

LANGUAGE

- English
- Hindi
- Marathi

INTERESTS

- Dance
- Travelling
- Cricket

CERTIFICATIONS

- The Linux Command Line Bootcamp: Beginner To Power User (Udemy)
- Master Python GUI Development using Tkinter (Udemy)

Software Intern

Transworld Technologies Ltd | Feb - June 2023

- Contributed to various projects focusing on front-end development using CSS and HTML to enhance user interface design
- Designed and developed responsive websites using WordPress.
- Experience with WordPress plugins for enhancing website functionality Customized themes and plugins to meet specific clients requirement

Image Processing Enthusiast

Self-Study/Online Tutorials | 2024 - Present

- Learned and implemented basic image processing techniques using OpenCV through various online tutorials and self-guided projects
- Experimented with image transformation and basic filtering to understand the core concepts of image processing.

INTERNSHIP

- VLSI Front End Design: RTL

  Completing 1-month internship program on Based on Embedded System Design organized by Electronic and Telecommunication

- Transworld Technology:

  Completing 6-month internship program as a software intern in Transworld Technology, Pune

PROJECTS

- GUI for folder renaming using pyhon Tkinter | 2023 - Present
- Sustainable Solar Power System With Efficient Dust Cleaning mechanism | Feb 2022 - Nov 2022 Soil
- Moisture Sensing - Arduino | Jan 2021 - May 2021
- Ticketmaster: Streamlining Support with OS Ticket Tool" Feb 2023 - Jun 2023

EXTRA CURRICULAR ACTIVITIES

- Co-Ordinator of Dance Club RIT Organizer of non-technical.
- 2k20 Vibrant-2k20 SGU, Atigre – 2nd rank(Dance club RIT).
- Virangula 2k20 RIT, Islampur – 1st rank (Dance club RIT).
- Yuvarang 2k19 Walchand college,Sangli – 2nd rank (Dance club RIT).
