PROFESSIONAL SUMMARY

RF Design Engineer(MIET) with 5.5 years of experience in RF design, electronics design, and high-power mixed-signal PCB layout. 2 years of RF design experience in defence and telecom, specialising in PA/LNA design up to X-band and multi-octave broadband PA architectures. Former Senior Electronics Engineer in India with full schematic ownership, multi-layer PCB design leadership, and cross-functional project delivery. Open to RF design roles globally.

SKILLS

❖ RF/MICROWAVE MEASUREMENT TECHNIQUES

- ◆ Vector Network Analyzer(VNA)
- ◆ Spectrum Analyzer
- ◆ Power Meter
- ◆ Multimeter
- ◆ Noise Figure Analyzer
- ◆ Signal Generator

❖ SIMULATION AND MODELING TOOLS

- ◆ Advanced Design Hardware(ADS)
- ◆ EMPro
- ◆ Ansys HFSS
- ◆ AWR Microwave Office
- ◆ MATLAB
- ◆ Altium Designer
- ◆ Python/C++

❖ ELECTRONICS DESIGN

- ◆ PA , LNA Design
- ◆ Schematic Capture
- ◆ DC Circuit Design
- ◆ Passive RF(Coupler, Splitter)Design
- ◆ PCB Layout
- ◆ DFM/DFT
- ◆ RF System Assembly
- ◆ Hardware Testing
- ◆ Serial Communication

❖ TECHNICAL LEADERSHIP

- ◆ Problem-Solving
- ◆ Team Leadership
- ◆ Project Management
- ◆ Project Development
- ◆ Collaboration
- ◆ Cross-Functional Teamwork
- ◆ Project Delivery
- ◆ Manufacturing Experience

WORK HISTORY

❖ RF/Layout Engineer

10/2024 to Present

Saras Technology| Leeds, UK

- ◆ Architected and designed a low power broadband Power Amplifier covering L, S and C bands, including RF topology selection, biasing strategy, and gain/PAE optimisation across multi-octave bandwidths.
- ◆ Owned the complete schematic and PCB design of the dedicated power-supply/control board for the PA module, including protection circuitry, sequencing logic and multi-layer PCB layout.
- ◆ Performed RF validation across multiple PA projects: output power, gain, P1dB, harmonic distortion, Noise Figure, and ACLR across different frequency bands
- ◆ Developed RF and mixed-signal PCB layouts for high-power (up to 200W) amplifier systems with strict DC–RF isolation and thermal considerations.
- ◆ Designed up to 8-layer DC control boards with blind/buried vias and complete schematic ownership for amplifier control and monitoring.

- ❖ **SENIOR ELECTRONICS ENGINEER** 02/2020 to 08/2023
 - ❖ **Aurionpro Solutions| Mumbai, India**
 - ◆ Managed project development from inception, collaborating with cross-functional teams such as Project Procurement, Mechanical, Software, and Electronics, to ensure timely delivery of the final product.
 - ◆ Led the Hardware Development Team, ensuring high-quality standards and overseeing comprehensive functional testing, while indirectly managing a team of 10.
 - ◆ Designed, assembled, installed, debugged, tested, and documented various hardware components.
 - ◆ Developed and Implemented up to 6 layer PCBs utilizing Altium Designer
 - ◆ Proficiently created schematics, selected components, prepared BoM and generated GERBER files.
- ❖ **SELF-EMPLOYED/LEARNING FRENCH** 04/2018 to 01/2020
Ajmer, India
- ❖ **JAVA APPLET DEVELOPER** 09/2017 to 03/2018
Aurionpro Solutions| Mumbai, India
- ❖ **ON A BREAK** 05/2015 to 08/2017
Searching for Employment| Ajmer, India

EDUCATION

- ❖ **MASTER OF SCIENCE** (completed with Distinction) 09/2023 to 09/2024
Wireless and Microwave Communications Engineering
CARDIFF UNIVERSITY, UK
 - ◆ **Dissertation Topic**
Study of RF losses mechanism in lateral GaN-based Schottky barrier diodes for mm-wave applications.
 - ◆ **Courseworks**
 - ✓ Design of a 34 GHz broadband GaAs LNA
 - ✓ Design of a 11 GHz broadband LNA GaAs MMIC for a Satellite Receiver
 - ✓ Doherty Power Amplifier Design(GaN) at 20 GHz
 - ✓ Design of Microwave Passive Components(Variable Attenuator, 16 GHz Wilkinson Power Splitter, 2 GHz Hybrid Coupler)
 - ✓ Large Signal Characterization of a PA and Hybrid Coupler
 - ✓ Passive device layout, characterization and modelling for mm-wave applications at 40 GHz
 - ✓ HEMT Fabrication in Clean Room and DC Characterization
- ❖ **BACHELOR OF TECHNOLOGY** 05/2011 to 05/2015
Electronics and Instrumentation Engineering
NATIONAL INSTITUTE OF TECHNOLOGY (NIT) ROURKELA, INDIA

INVOLVEMENTS

- ◆ Student Academic Representative of my cohort at Cardiff Uni.
- ◆ Member of Engineering Society, Chess Club and Archery Club at Cardiff Uni.
- ◆ Winner of ORION'12 ,a Telescope Handling and Stargazing competition at NITRKL
- ◆ DELF A2 French language Certificate
- ◆ Volunteered in National Service Scheme-a public service program by Govt. of India, went to nearby villages and taught village primary school children
